Thoughts From District Governor

BY THE JUNIATA!!

Beacon Lodge Pa. Lions Appreciation Day & as per tradition, it was hotter than, well you fill in the blanks!! But what a showing of Pa. Lions! District 14-D was well represented including eleven, I said ELEVEN Wilshire Hills Lions! How cool is that! My Lititz Lioness "sister", Veronica, rode up with us for the day. What a feeling it was to introduce this wonderful camp to a first time visitor. Another part of the BIG picture defining "We Serve"! A new miniature golf area has been completed, quite an accomplishment. Before we headed home we went up to the Adult Lodge & spoke to campers there. They were all so appreciative of our support, many have been coming there for years. We found a young woman playing the piano, she said she has been coming since she was a child & this year she is old enough to be in the Adult camp, which she was loving! She played a song for us & she could "rock" that piano. She told us that she has been playing by ear since, forever!

The "Passing of the Banner" was held on July 23rd at the West Earl Fire Hall with the West Earl Lions as hosts. IPDG Deb led the ceremony with

Schoeneck Lion President John Clair handing the District Governor Banner to me, at which time I presented it to the West Earl IPP Rusty Ressler to have it displayed for the year 2015-16. The ceremony is a time honored tradition & held throughout the State at the beginning of a new District Governor's term. I thank all who came out, enjoyed good food & fellowship.

Your, & I emphasize "YOUR" Region & Zone Lions are geared up to serve the Clubs of District 14-D. I want you to realize that the District Cabinet is there to inform, help, encourage, not to dictate. Not above you, not beneath you but looking you square in the eyes!! We talk about the District Governor's Team....we are all on the "Team", every District 14-D Lion. Where would any of us be without the Clubs? Losing cubs is not an option. Who serves those communities when a club goes away?

MEMBERSHIP is the key, ASK 1, try for someone 5 years younger than you which will insure the future. Key word #2, MENTORING that new member by an upbeat Lion who "gets it" & key word #3, ORIENTATION, not just for the new member but for the long time Lion, bringing it home & reminding all of us why we stepped up to serve in this great International Lions organization.

Five Steps To Re-invent Your Club

Do you feel like your club is stagnate? Members are not motivated?

Here are five steps to re-inventing your club.

(information contained herein condensed from recent USA/Canada Forum July Newsletter)

How Are You Doing?

Evaluation is key. If members are not excited, a simple survey of members could tell the reason. The LCI website contains a newly revised “How Are Your Ratings?” survey program. This program provides a simple survey.

Club Meeting Up-grade.

Club meetings are critical to the success of your club. It is easy to recruit new members when you invite them to meetings that are welcoming and enjoyable. Positive and engaging meetings encourage involvement, facilitate communication and give members something to look forward to. But how do you design a meeting that appeals to members and prospective members who want to make a difference in their community, but have little time to commit? And how do you create a club atmosphere that is positive and inviting?

You have a choice...Your club has the freedom to structure club meetings in a way that best meets your members' needs. While many clubs value the traditions that have been passed down from generation to generation, it is good to know that most traditions are optional and members can chose to change the elements, frequency, and structure of their meetings to make the meeting more inviting and/or use new forms of technology to keep members connected and manage club business.

Be Relevant!

Nothing is more important to your club than being a vital service provider to your community. Is your club doing relevant service projects locally?

There are many resources available to help your club choose and develop relevant community service. LCI's website has a whole page devoted to service project resources.

Likewise, you may need to know what the needs are in your community—and let community leaders know your interest. A Community Needs Assessment is great tool to use.

Recognition and Fulfillment

Members like to know they are making a difference. Likewise then need a good “pat on the back” for doing good. It is key that members know the difference they make: bring those that benefit from your club's projects to a club meeting. Also giving the members recognition is vital. LCI has a guide on the “Art of Recognition” that reminds us that expensive awards are not critical to making members feel important.

Share the Fun.

Building stronger communities through effective Lions Clubs is very rewarding. But the message needs to be shared. While there a many ways to spread the word about what we do-and the fun we have doing it, we need to take a new approach with our message.
