#### **A Message from District Governor Gene Hilton**

Howdy Lions! Another year begins. It's exciting for me because this is a new challenge. I stepped out of my box, my comfort zone, and accepted responsibility for District 14-D. This year, my challenge is to continue growth, improve service reporting, and find new and future leaders. You might be saying "How's he gonna do that?" One thing I found with growth, one on one asking a perspective member is the hardest yet best way to get a new member. You will get some "no thank you" but someone will say yes, making it all worth while. It all starts with you. You must keep asking. Invite them to a service project. Our clubs are aging. Invite someone 10 years younger than you. Just keep asking.

With the new MYLION app on your smart phone you can report your service activities right away in-

stead of waiting and turning them into your secretary. All you need is your member number to get started. Improving our service reporting has several benefits.

On new leaders, let's look around our club. The quiet one in the corner, project coordinator, your tail twister. Think outside the box. New faces, new ideas. Get your newest members involved as soon as you can. It will help them feel a part of the club.

1st VDG Bill, 2nd VDG Roy and all the District Cabinet are a team working to improve your club and our District. Invite them to speak at your meetings. Lots of knowledge and experience there. For the self taught, there are online tutorials available at MYLCI website.

Finally, I want to thank you all for allowing me into the honored position of District Governor. I have some big shoes to fill. I promise to do my best

#### Message from the 1st Vice District Governor, William Grager

It's so very difficult to believe that a century of Lions International is in the books and an exciting new century has begun. And what an exciting year we are embracing with continued work as a District team in conjunction with the Global Action Team model. We continue our dedication to growing our membership and bolstering the efforts of our membership already established. I ask you to consider the "Club Excellence Process" and "Blueprint for a Stronger Club" as revitalizing catalysts maximizing our humanitarian service, and providing intrinsic reward and satisfaction for our members. At your request, we are always ready to help with these endeavors, and speaking personally, I can attest to their effectiveness.

Upcoming dates to keep in mind are: PA Lions Appreciation Day at Beacon Lodge, July 15; PA State Council of Lions Clubs, August 3,4 at the Red Lion Harrisburg Hershey Hotel; August 18, District Cabinet meeting, Lancaster Tennis and Yacht Club, 1:00 PM. Please refer to the District Newsletter and District, State, and LCI web sites for updates on all important events.

I strongly encourage our membership to consider stepping into leadership roles (zone and region chairs) for which there is a need. These roles are truly not overwhelming and many hands make light work. As we serve, "together we can

do so much." I wish you all a great start to the new Lions year and look forward to working with you in many venues throughout the year.

#### Message from the 2nd Vice District Governor, Roy Estes

OK Hello Fellow Lions. As the end of another Lions Year and the Hot Weather are here. And as some of us prepare for a trip to the International Convention in Las Vegas, and others work on service projects here at home, please be careful in the heat. Rumor has it that a lot of Lions are a little older and heat can hurt us. Oh Another reason why we need younger Lions in our clubs, they can still take the heat, as long as it's not from us old Lions. HA HA

Try to consider making a trip to the international or even start at the state convention, as part of your travel plan when you can. It made a world of difference in my wife's perception of Lions so much so she even joined this year. We saw older Lions in Chicago last year that I could not believe even made the trip. But then there they were in parade with canes walkers or wheel chairs, what a dedication to lions they had to have. We are just starting our new Lions year but, now is the time to continue (not start) continue our search for new lions and Lion leaders for next year and years to come . We have leaders among us. They just need to step up or (may need your encouragement) to help in leadership roles where it be club or other level. Make use of the talents in our clubs, young or old. We need new members & ideas, more than we can dislike change. As much as I love Lions, I have said that I am going to be 2<sup>nd</sup> Vice District Gov. because the better talented person didn't raise their hand. I will do the best I can. I have tried to be the best Club Lion I could be. But I think the best way to understand more about Lions as a whole is to attend as many functions as possible whether it be club, district, state, or as many training sessions as possible. You not only learn a few things but meet other great Lions. I

am a lion for over 33 years but only recently was I involved in more than my club and I missed out on a lot I'm finding. All of our clubs are involved in some amazing service projects and fund raisers. But if you only look at your club you may miss out on something that may fit your club or area needs perfectly. What works in another area may be just what you are looking for. That next big fund raiser, without killing ourselves in labor. My club changed where we did our BBQ the last time and sold another 300 chickens with less people. CHANGE HELPED.

Thanks to all the clubs who added new members this last year it is much appreciated. Remember our members are our strength. We are in a war with humanitarian needs, whether it be Vision, Diabetes, Hunger, Pediatric care or our Environment .**WE WILL NOT BE DEFEATED BECAUSE WE ARE LIONS** . **WE SERVE**. Be on the lookout for next year's club and district events. Your participation is what makes for a successful event. Thank you for allowing me to serve in District 14D. If I can help in any way just give me a call or text. 717-333-9390 lionroyestes@gmail.com

#### "FAB 4" LIONESS CLUBS

#### "LIONESSES OF SUMMER"

JULY, 2018

#### 90 PLUS DEGREE GREETINGS!

What's happening in your world this summer? Vacations, family reunions, tending veggie or flower gardens, (weren't the strawberries delicious?), having the grandkids for sleepovers, or..... chillin' out by the pool with a marguerite! That's the ticket! Whatever a Lioness does in her off time, no one needs to know & it is well deserved, but I know that the movers & shakers are already thinking of future events & ways to serve. Congrats to all Lioness presidents & officers who served this year & God bless the members who made the year a success.

For a number of years it has been the "FAB 4" of District 14D. I'm sorry to report that it will now be the "FAB 3". The Lititz Lioness Club, in operation for 36 years, is now in the history books. As a Charter Member it saddens me, but we have served the community & beyond well. We, as all clubs, have had our ups & downs & the past 2 years or so have been challenging. Membership is one of the challenges & trying to get back on the Lioness track just wasn't happening. It was our time to exit stage left but we've had a good run & we have a lot to be proud of. I overheard one Charter Member say, "I met so many women that I would probably not have known otherwise". Thanks go out to the Lititz Lioness Club & I wish all of my fellow members the best.

On a happier note; we welcome, with a "HOWDY", the new 2018-19 District Governor Gene Hilton & his 1st Lady Marita. Congratulations & the best wishes for a banner year as you lead District 14D on the Lions path of serving those less fortunate!

WISHING YOU ALL A HAPPY SUMMER

&

A SAFE SUMMER
